

WOLF®

Model CT15G 15" Gas Cooktop

The patented dual-stacked burner design of Wolf gas cooktops uses its upper-level burner for maximum heat transfer. Merely turn down the knob and the lower-tier burners delivers fine-tuning control and True Simmer. The sealed burners and deep recess of the seamless drawn pan make clean up a snap. Model CT15G is available in classic stainless steel finish and natural or LP gas.
